Dear Bill,

This letter is to serve as a commendation for the excellent service and support of the Interface Displays & Controls (IDC) team. Your team recently performed far above and beyond their usual excellent level of support to exceed expectations and to assist L-3 in meeting the expectations of our valued customer.

The IDC commitment to customer support and quality re-enforces our selection of IDC to participate in the H-1 Program and to review future solutions for L-3, RCCS.

With greatest appreciation,

John Schulz
